Kool Kidz offers premium care in Melton South

The new Kool Kidz Childcare and Kinder in Melton South is set to open on September 13 despite several COVID-related hiccups.

With 13 centres already operating in Victoria, the new custom childcare facility in Melton South will provide the premium care to local residents and their children. Under current government restrictions, children of eligible parents will be permitted to attend the centre during lockdown.

With state-of-the-art facilities on site, founders Phillip and Sylvia have taken every opportunity to ensure that the facility is a welcoming and positive environment for children. As a family-owned and operated childcare service with over 25 years of experience in the industry, the Kool Kidz team is dedicated to providing the highest quality care and education possible for your child.

"I am very proud and excited to announce the opening of the Kool Kidz Melton South location; I really look forward to seeing families and their local community benefiting from our service," says Phillip Hortis, Kool Kidz founder and franchisor.

Despite challenging circumstances presented by the pandemic, the team has been persistent in their hope to provide personalised and compassionate care to Melton locals.

Established almost 10 years ago, Kool Kidz provides Long Day Care – Early Learning, Childcare and Kindergarten services for all children aged six weeks to six years. Children are provided nutritionally balanced meals and healthy snacks as part of a menu designed by Nutrition Australia.

The Kool Beginnings Curriculum, which is unique to Kool Kidz' service, encourages a lifelong love of learning by using play to teach. A play-based and age-appropriate curriculum inspires children to be curious learners, empathetic thinkers and encourage hands-on skills through authentic learning in real–life experiences.

Parents can keep up with their little one's daily activities via the exclusive Kool Konnect App – Communication. Families can interact, engage and view highlights of their Kool Kid throughout the day via the use of an online collaboration tool, Kool Konnect.

Mill Park mum Tania has had her children in daycare services for a total of more than 10 years, and notes the difference that Kool Kidz has provided to her little ones.

"We appreciate the stability, care and consistency of Kool Kidz – the day care centre is clean and always calm and they really do foster an environment that allows our little guy to thrive and grow," Tania says.

"Most importantly, our son looks forward to childcare every week and as working parents, we are very fortunate to have found a centre that genuinely cares about the kids and their education."

Parents can rest assured that their children are in safe and nurturing hands at Kool Kidz Childcare and Kinder.
