IN GOOD SPIRITS AT MORGANS

BY ELLE CECIL

ESTABLISHED in 1971, Morgans is the Yarra Valley's second oldest winery, and now also makes small batch gins and vodkas, with all spirits produced at the onsite distillery, and whiskeys and brandys soon to be added to the list.

Producing low volume but high end, basked pressed and estate grown, hand picked and hand bottled wines, Morgans has an 'old-school' mindset. With a focus on authenticity and hard work, the team at Morgans is driven by the desire to make visitors feel relaxed and welcome, and highly value word of mouth recommendations.

"We want to be a business that people discover by chance, enjoy so much that they rave to their friends and come back whenever they get a chance," says owner Simon Gunther.

Morgans accommodates for small functions including weddings, birthdays or corporate events.

Situated on picturesque, gently north-facing slopes, Morgans has 12 acres of vines and is run by the Gunther family - husband and wife Simon and Michele, and their son Samuel.

In 2021, Morgans are celebrating 50 years since the first planting of the vineyard. Celebrating with a 70s-themed party earlier in the year, the team is hoping to plan another big celebration.

"We're still finding our feet again, having just come out of months of lockdowns - we would like to have another one before the end of the year!"

"From tripping over our dogs, to dodging geese as you drive into the car park, to saying hello to 'Fatty Patty' the pig, to just sitting on a blanket taking in the view, people all enjoy the unfiltered nature of the Morgans experience."

Morgans Winery and Distillery is located at 30 Davross Court, Seville.

Morgan's has progressed from being not only a winery but now also a distillery, offering small-batch spirits.

Owned and operated by the Gunther family since 2009, Morgans is excited to be welcoming back visitors to the business.
