It's all smiles at friendly Primedent Denture Clinic

Situated in the heart of Thomastown, Primedent Denture Clinic is continuing to provide quality care and denture services to the community, despite the pandemic.

Director and senior dental technician, Martin Pankrat is joined by dental prosthetist Goran Sabotski. Both men have a particular concern for the elderly.

"We aim to take care of older people, helping improve their lifestyle, as well as their physical appearance," Martin explained.

"We want to see them smile with confidence again!"

The talented, highly credentialed pair provide a quick, high-quality service bringing a combined 50 years' experience in clinical and technical dentistry.

"Our work is a real passion. We really listen to our patients and their individual needs, and maintain a focus on their overall oral health at all times."

The clinic includes a dental laboratory, where high-quality dentures are made to suit the exact profile of each patient. All products are 100 per cent Australian-made and support other local businesses.

"We work closely together, taking an individual approach to exceptional service, quality and product accuracy and precision. All our patients are promised optimum outcomes for comfort, suitability to purpose and aesthetics.

"We also maintain post-service care – our patients are welcome back anytime, whether for a check-up, adjustment or a friendly cup of coffee."

Martin and Goran, who are fluent in Macedonian and Polish respectively, are looking to provide on-site services to aged care and nursing home facilities, as well as cooperating with sporting clubs.

Very much a community-facing service, Primedent Denture Clinic offer home visits at no extra charge for patients who are struggling to attend the clinic in-person.

The clinic's services include full and partial dentures, relines and additions, mouthguards and express one-hour repairs.

Taking all necessary precautions and following government safety guidelines, Primedent Denture Clinic is located at 145 High Street, Thomastown.

It is open 9am - 5pm Monday to Friday and by appointment on Saturday.
