Equipping students with the skills to learn and grow

Christ the King Catholic School Newcomb is a prep to year 6 primary school located in the Parish of St Mary's Geelong, drawing students from Newcomb, Geelong East, St Albans Park, Whittington and Leopold.

Established in 1965, the school has a current student population of 235 and is set on a two hectare allotment with modern classrooms.

The addition of a new prep learning centre in 2021 is the final step in the school's current master plan. Each learning area in the school boasts modern and contemporary facilities, including flexible break-out spaces for targeted teaching and more hands-on problem-based learning.

In addition to the core curriculum areas taught each day, Christ the King is very passionate about teaching thinking skills, where students are challenged to solve real world problems. This is achieved through Problem-Based Learning and the Pedagogy of Encounter.

In recent years, Christ the King has had international success in the FIRST LEGO League competition. In 2021, the school won the Australian Innovation Project Award for their Re:Box (sustainable packaging design). The team of eight students are now preparing to present their design to the International FIRST LEGO League Competition judging panel.

Christ the King also has a strong focus on the arts and offers both a visual arts and music program. A biennial art show and school musical provide the opportunity for students to demonstrate their passion for the arts.

Student wellbeing is a priority at Christ the King. Students have regular one on one learning conversations with their teacher, partake in weekly social emotional learning experiences and provide feedback to the school via a student wellbeing survey once per term.

Christ the King Catholic School aims to equip students to be kind, hard working and thoughtful people. (Supplied)

The school offers play therapy sessions with a qualified play therapist, while students with additional learning needs are also thoroughly supported through a comprehensive student support team. Christ the King's senior student leaders also play a key role in organising lunch time activities for the younger students and provide an avenue for student voice and agency.

Christ the King Catholic School Newcomb is located at 79 Wilsons Road, Newcomb. For more information, phone (03) 5248 1093 or visit www.ctknewcomb.catholic.edu.au.
