Rejuvederm's cosmetic nurse, Lorelle, will help you enhance your natural beauty and become the best version of yourself. (Supplied)

You can turn back time

We've all looked in the mirror at one time or another and wondered about the person staring back at us, however Rejuvederm in Geelong West can enhance your natural beauty and get you looking like the best version of yourself again.

Integrating cosmetic injectables with evidence-based skin care, Rejuvederm aims to help you slow and reduce the effects and appearance of aging, while improving your skin's overall appearance.

Rejuvederm's talented team of qualified doctors and nurses are focused on continuous training, delivering safe and effective treatments while striving to attain the best results possible for clients.

Nurse Lorelle from Rejuvederm is a clinical nurse specialist with a postgraduate diploma in cosmetic nursing, so she really knows her stuff. Lorelle endeavors to stay focused on the anatomy of the skin and in doing so, can help you to slow the skin's aging process and better your overall appearance.

Offering quality cosmetic injectables at affordable prices, Rejuvederm's services include anti wrinkle injections for crows feet, forehead lines, frown lines and more, as well as dermal filler in the lips and cheeks.

Rejuvederm is located at 56 Aberdeen Street, Geelong West. For more information, contact Rejuvederm on 0432 622 616, and for bookings visit bookings.mediapp.com.au/21565.

Get with the picture

Celebrating 20 years of radiology services in Victoria, Lake Imaging is proud to be the region's leader in medical imaging and is committed to supporting the health of patients, as well as the needs of referring doctors within the Geelong community.

With seven private radiology clinics throughout Geelong, including Geelong Breast Clinic and Geelong Medical Imaging, Lake Imaging offers a comprehensive range of medical imaging services.

By investing in state-of-the-art scanning equipment and a team of highly specialized radiologists and medical imaging technologists, patients receive the highest level of care at Lake Imaging locations.

Lake Imaging is pleased to announce that an eighth clinic will soon open on the Surfcoast Highway in Torquay. This medical hub will be a welcome medical service to the community's growing population, providing fast and convenient access to quality medical imaging.

Radiology saves lives, therefore playing an important role when it comes to early detection and diagnosis of medical conditions. The doctors at Lake Imaging are experts in all areas of imaging – specialising in cardiac, obstetric, prostate, breast, brain, oncology, dental and bone density imaging, as well as sports, musculoskeletal and interventional imaging for pain management.

Lake Imaging is the preferred medical imaging provider of the region's beloved Geelong Football Club. Whether it is for a digital X-ray, ultrasound, complex CT or MRI, the residents of Geelong and surrounding regions can trust the caring and compassionate team at Lake Imaging.

Lake Imaging accepts referral forms from other imaging providers and bulk billing is available.

For more information or to find your nearest Lake Imaging location, visit www.lakeimaging.com.au.

With seven locations around Geelong and an eighth soon to open, Lake Imaging is the region's first choice for medical imaging services. (Supplied)
