Diverse range of finalists vie for 2022 business awards

The Geelong Chamber of Commerce, in conjunction with major sponsor LBW Business + Wealth Advisors, are delighted to announce that this year's Geelong Business Excellence Awards (GBEAs) received an outstanding 20 per cent increase on total entries compared to previous years.

While not all entrants can proceed as finalists, the process allows all businesses to review and reflect on their business operations and potentially gain valuable insights and identify new key business improvements.

"Based on the written scores, it looks like the judges have a hard task ahead of them to choose the winners this year – it is a very good standard of entries and most of the written scoring is quite close," chair of judging and LBW Business + Wealth Advisors principal Simon Flowers says .

"In the coming weeks, the judges will interview each of the finalists. Geelong is vibrant business community and we can't wait to understand what makes each business clever, creative and connected."

Please congratulate the following Businesses, Business Leaders and Young Entrepreneurs on becoming a finalist in the 2022 GBEAs.
