Financial experts

Having been involved in the Geelong Business Excellence Awards for almost 15 years, LBW Business + Wealth Advisors was again proud to be a joint major sponsor of the 2021 awards on Tuesday night.

As one of the region's leading providers of financial advice, LBW Business + Wealth Advisors provide a wide range of services to residents and businesses in Geelong and the surrounding areas.

From business accounting and tax consulting, audits and assurance, business advisory and valuations and forensic accounting to personal financial and estate planning, superannuation advice and individual taxation consults LBW Business + Wealth Advisors is a one-stop shop for all financial advice.

Simon Flowers is a principal of LBW Business + Wealth Advisors. Having been on the Geelong Business Excellence Awards judging panel for 13 years and serving as the judging panel chair for the past seven years, Simon is well versed in the highs and lows of running a business.

"We think that the awards suit our business because the majority of our clients are small to medium businesses, they're hardworking individuals who we provide a range of different services to," Simon explains.

"The awards provide businesses with a great opportunity to showcase their work, get some feedback and treat it as a mini strategic business plan."

Having been heavily involved not only with the awards but also the community in general, LBW Business + Wealth Advisors understand the value that small and medium businesses in the region can bring. They believe that the awards are a great way to recognise the efforts of local businesses

"We have a fair bit of involvement with the community: through the awards, one of our partners is a Chamber board member, another partner is involved in the Committee for Geelong, and we provide a lot of pro bono audits for not-for-profits around Geelong," says Simon.

"There's great benefits for businesses to enter the awards. We're really proud to be involved - it supports and benefits those businesses that are willing to put the effort into entering the awards to show how resilient their businesses are."
